

How many telecommunications tower companies are there in Ireland

Preview

There are three MNOs in the Irish market. Vodafone carved out their towers into Vantage Towers, and in Q1 2023 completed the sale of its 81. In May 2020, eir signed a deal. Ancala has acquired a nationwide portfolio of 300 telecom towers in Ireland from Phoenix Tower International (PTI). The divestment was mandated by the Competition and Consumer Protection Commission (CCPC) in connection to PTI's acquisition of Cellnex Telecom's business. Our national tower network offers strategic urban and rural locations to support network expansion and technology rollout for mobile and wireless communications operators. Our broad range of tower locations are strategically situated to meet the growing customer demand for data and connectivity. Ireland's telecommunications network is a modern digital.
