

Article Overview

ETI Group and Fonet are leading Hungarian manufacturers of complete electrical distribution boxes, offering solutions for residential, commercial, and industrial applications.

ETI Group

ETI Group is a prominent manufacturer of electrical protection devices and distribution boxes in Hungary. Their DIDO MB series of metal distribution boxes is designed for safe and reliable electrical distribution in both residential and commercial installations. These boxes support in-wall mounting in brick or hollow walls and incorporate low-voltage circuit breakers to protect installations and connected equipment against overloads and short circuits . ETI Group is recognized for its high-quality manufacturing standards and extensive experience in electrical protection solutions.

Fonet

Fonet specializes in injection-molded distribution boxes suitable for fiber optic and electrical applications. Their products feature corrosion-protected metal parts, UV-protected bodies, and reclosable designs. Fonet boxes accommodate multiple adapters and splices, providing dustproof protection and easy installation without special tools . They offer a range of sizes and configurations, making them suitable for both industrial and commercial projects.

Supplier Directories

For a broader selection, Volza lists 657 junction box suppliers in Hungary, providing verified export and distribution data. This directory allows procurement managers to assess supplier reliability, shipment volumes, and long-term partnership potential, making it a valuable resource for sourcing complete electrical distribution boxes .

Other Notable Companies

- o Lumenos Hungary Kft continues the industrial heritage of Tungstam, focusing on modern manufacturing technologies for electrical distribution .
- o SOL-VILL Kft specializes in electric motors and industrial electrical solutions, which may include distribution systems .
- o WM Systems LLC provides industrial electrical distribution and UPS solutions across Hungary and neighboring countries . These companies collectively offer a range of metal and plastic distribution boxes, low-voltage panels, and industrial enclosures, suitable for various electrical distribution needs in Hungary. For
