

Installation price of rooftop outdoor electrical distribution box

Preview

Typical residential installations or replacements range from \$600 - \$2,000 (most between \$1,000 - \$1,400), with 200A-rated and outdoor-weatherproof units positioned at the higher end. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. An innovative solution to provide convenient access to power on raised rooftop deck installations. The main cost drivers are box type, material, weatherproofing, and any required accessories or adapters. The following ranges reflect typical U.S. Assumptions: region, box. Sign up for emails & save 10% on select home decor.

The Outdoor Rooftop Box provides convenient access to power on raised rooftop deck installations and eliminates the need for extension cords along the decking.
