

Article Overview

Legrand Lebanon (Cablofil) and SFSP Lebanon are leading suppliers of fireproof cable trays in Lebanon.

Legrand Lebanon - Cablofil Wiremesh Cable Trays

Legrand Lebanon offers Cablofil wiremesh cable trays, which are designed for high safety and fire resistance. These trays feature a 90% open structure that minimizes heat buildup and dust retention, enhancing fire safety. They are available in multiple finishes, including stainless steel (316 L and 304 L), and are certified E30/E90, conforming to IEC 61 537, ABS, and DNV standards, making them suitable for industrial, commercial, and offshore applications. Cablofil trays also include quick-fixing systems for easy installation and flexible configurations .

SFSP Lebanon

SFSP Lebanon manufactures a wide range of cable trays, including ladder and basket tray systems, which comply with local and international standards. Their products are available in mill galvanized, hot-dip galvanized, and powder-coated finishes, providing corrosion resistance and fire safety. The basket tray systems allow continuous airflow, reducing heat accumulation and enhancing fire protection. SFSP also offers a complete range of supports, hangers, and accessories to ensure safe and efficient cable management .

Additional Considerations

When selecting a fireproof cable tray manufacturer in Lebanon, consider:

- o Certifications: Ensure the trays meet E30/E90 or equivalent fire-resistance standards.
- o Material and finish: Stainless steel or galvanized finishes improve fire and corrosion resistance.
- o Installation support: Quick-fix systems and support accessories can reduce installation time and improve safety.
- o Local availability: Both Legrand Lebanon and SFSP Lebanon have established local presence and technical support. These manufacturers provide reliable, certified solutions for fire-resistant cable management, suitable for industrial, commercial, and infrastructure projects in Lebanon.
