

Price of 1520 Distribution Box

Article Overview

The price of a 1520 distribution box, such as the MEAN WELL TJ-AG-1520, typically ranges from \$25 to \$50 per unit, depending on supplier, customization, and order volume.

Overview

The MEAN WELL TJ-AG-1520 is a plastic distribution box with dimensions 150x200x100 mm, offering IP66 protection and IK9 impact resistance . Similar models, like the DS-AT-1520, provide IP65 waterproof protection and are made from ABS material . These boxes are commonly used for electrical junctions and power distribution applications.

Pricing Factors

- o Supplier and Region: Prices vary between distributors such as DigiKey, RS Components, Alibaba, and Made-in-China platforms .
- o Customization: OEM branding, busbar modifications, and cable entry adjustments can increase the unit price .
- o Order Volume: Bulk orders often reduce per-unit cost, while single units may be at the higher end of the price range .
- o Availability: Some suppliers list the TJ-AG-1520 as on backorder, which may affect pricing and lead time .

How to Obtain Exact Pricing

For the most accurate and up-to-date price, it is recommended to:

- o Contact distributors directly such as DigiKey or RS Components for a quote .
- o Request a price list from manufacturers or wholesale suppliers on platforms like Alibaba or Made-in-China .
- o Consider customization needs to ensure the quote reflects any modifications or OEM branding. By following these steps, you can secure a precise price for the 1520 distribution box tailored to your order size and specifications.
